## ONE DIVORCE IS GRANTED TODAY

Clifford Horr Given Decree But Case of Ruth Against John Widau is Taken Under Advisement

### SPECIAL JUDGES TO BE NAMED

Judge Sparks Will Appoint Them to Sit in Cases in Which he Was Formerly Counsel

Judge Sparks this morning announced that he would appoint special judges to try four cases in which he was formerly counsel. The judges are to be selected from three men as follows: Thomas E. Davidson of Greensburg, Judge Raymond Springer of Connersville and Judge Fred Gause of Newcastle.

Each side will strike out one name each and the remaining man will act as judge. The cases in which Judge Sparks has declined to serve are those of Charles B. Cox, et al., against Ella McIlwain, et al., quiet title; E. Washington Veatch, et al., against Jessie Alexander, et al., to set aside allowance of a claim; Ansel Herkless against Charles L. Henry, et al., to quiet title and the case of Herkless Brothers against the Julius Keller Construction company and the city of Rushville, for damages.

This last named suit was sent back here for retrial by the supreme court. Herkless was given a judgment when the case was originally tried. The city did not make any fight at the first trial. All of these cases are set for trial this term of court.

The court granted Clifford Horr a divorce from Ruth Horr on his cross-complaint. The plaintiff dismissed her complaint and the court found for him on the cross-complaint. Although Horr was granted the divorce he was ordered to pay the costs and pay her attorney fees in the sum of \$10. Mrs. Horr was also given an allowance of \$1 a week.

Following the divorce suit a charge of wife desertion against Horr was dismissed on motion of the prosecuting attorney.

The case of Ollie F. Thompson in which she sought to have her father, Eddie G. Thompson removed as her guardian, was dismissed by the plaintiff and the costs paid.

The divorce suit of Mrs. Ruth Widau against John Widau was heard and taken under advisement. The evidence failed to reveal anything of a sensational nature and it is understood that the property affairs were adjusted outside of court.

Judgment in three suits against Ben A. Cox were rendered by the court. The suits were all on accounts. The Belleville Shoe company was given a judgment for \$75.45; The Hoge Montgomery company was awarded a judgment of \$162 and the Florsheim Shoe company was given a judgment for \$211.71.

On motion of Mrs. Mary Doyle, her divorced husband, William Doyle, was cited to appear in court Monday morning at nine o'clock and show cause why he should not be punished for contempt of court. Mrs. Doyle alleges that he owes her the sum of \$82 support money. Doyle is said to be in Newcastle.

The Thanksgiving program for the St. Paul's M. E. Sunday school tomorrow morning at 9:15 will have the following numbers: Solo by Miss Norma Smith; piece by Emerson Price; readings by Joan Weakley and Lillian Priest.

### K. of P. MEETING

Annual Roll Call meeting Monday night. Your presence is requested.

## ROLL CALL MEETING FIXED

Ivy Lodge No. 27, K. of P. Will Try to Get Out Banner Attendance

The Knights of Pythias have sent out cards announcing the annual roll call meeting for next Monday night at Castle Hall. Every member of Ivy Lodge No. 27 is urgently requested to be present with the end in view of making the banner meeting of the lodge. Also, it is the hope of the lodge boosters to make this the banner year of the order locally in membership growth. Most Knights of Pythias are wearing a little red button with "500" in white letters on it. That signifies the goal to which the lodge aspires this year.

## TREASURER MORRIS FILES REPORT TODAY

Accounts for Expenditures of \$1,236 by Democratic County Committee During Campaign

### FEW BILLS TO BE PAID YET

The campaign expense statements of John B. Morris, treasurer of the democratic central committee and P. J. Sattler, sub-treasurer for Ripley township, have been placed on file in the clerk's office. The statement of Mr. Morris shows receipts totalling \$1,669.97, including a balance on hands March 11 of \$35. The expenses amounted to \$1,236, leaving a balance on hand of \$433.97. The treasurer states that there are several outstanding claims and as soon as possible he will file a supplemental statement.

Sattler, the treasurer for Ripley township, collected the sum of \$31 and spent this amount.

One of the items of expense in the treasurer's report is \$10 given to the Indiana Times, the so-called state organ of the democratic party, for subscriptions.

## JURY OBTAINED AND CASE IS POSTPONED

Motion of Mrs. Hood for Change of Judge is Overruled and Then She Asks for Jurors

### TRIAL SET FOR MONDAY NIGHT

A jury was impanelled last night to try Mrs. Myrtle Hood on a charge of operating a house of ill-fame and then an adjournment was taken until Monday night. The attorney for Mrs. Hood filed a motion for a change of judge and this was overruled by Mayor Rebout.

It was then decided to have a jury of twelve men and the jury was obtained about ten o'clock. It was considered too late to start hearing the evidence and the case was continued until Monday. The state held out for a jury of six men but after considerable argument, it was decided to have twelve men try the case.

## JUDGE SENDS JURY BACK

Fails to Agree on \$25,000 Damage Suit Against Chief Perrott.

Indianapolis, Ind., Nov. 25.—The jury trying the damage suit of \$25,000 against Chief of Police Perrott and other police officials brought by Thomas Campbell, colored, reported at noon today that they were unable to reach an agreement. Judge Anderson in federal court told them that "evidence was very plain" and sent them back to deliberate.

## TO MEET EXPENSE OF THE ELECTION

County Council Called for That Purpose But Meeting is Delayed by Late Arrivals

### IT WAS TO START ABOUT 3:30

First Appropriation of \$5,000 Barely Enough to Meet Primary and Registration Expense

The meeting of the county council, scheduled for ten o'clock this morning, was delayed and the meeting was not expected to start before three-thirty o'clock this afternoon. Only three members showed up for the meeting and when the telephone was brought into use Hiram Henly of Carthage promised to come down on the afternoon train and Rollie Zorne was enroute here from Fal-mouth.

The purpose of the meeting was to appropriate money with which to meet the expense of the recent election. The total amount of the deficiency is not known as all of the bills have not been totalled but will be before the meeting is called to order.

One item of election expense is giving some trouble. The township trustee ordered the meals for all of the precincts in Rushville township and in No. 4 precinct the inspector of the precinct ordered his own meals, as is provided by law. The township trustee has been paid for the meals and in turn has paid for them.

Now comes the inspector asking for money for the meals he ordered. The inspector maintains that the trustee had no right to order the meals and just how the controversy will be determined is not known, but an effort will be paid to get the trustee to refund the money for this precinct and then see if the woman who furnished the meals will not knock off the costs as the meals were not eaten.

The appropriation for elections was \$5,000. Out of this sum the expense of the primary, registration and election must come. There was a small balance after the primary and registration bills were paid and the balance must be made up by the county council.

## MILROY MAN DIES SUDDENLY TODAY

Roll Stewart, Age 55, Succumbs to Heart Disease Before Physician Reaches Him

### HAD BEEN ILL SEVERAL DAYS

Roll Stewart, 55 years old, died suddenly this morning at 5:10 o'clock at his home in Milroy. Mr. Stewart had been ill for several days, but was not thought to be in a serious condition. This morning he was awake at four o'clock and was given some medicine. One hour later he was found unconscious and died before a physician could reach him. Coroner Green was called and it is believed that death was due to heart disease.

Mr. Stewart was widely known and had lived in Milroy most of his life. He was a brother of the late Mrs. J. W. Tompkins. He is survived by his widow and three children, the Misses Mary and Elizabeth Stewart, who live at home and Thomas Stewart of Shelbyville.

The funeral services will be conducted Monday afternoon at 1:30 o'clock at the late residence and burial will take place in the Milroy cemetery.

## BELLE GREGG HEADS TEACHERS

Principal of Jackson School is Elected President of Rush County Association

### OTHER OFFICERS PICKED

Addresses by Supt. Park of Sullivan County and Prof. Black of I. U. are Heard

Teachers of Rush county met in annual session at the Graham high school building today, heard addresses by two leading Indiana educators, elected officers for the ensuing year and adopted a set of resolutions. The regular meeting of the county teachers association was attended by more than a hundred teachers.

At the business session this afternoon Miss Belle Gregg, principal of Jackson school in this city was elected president of the association, succeeding C. M. Conger.

Other officers elected were: vice-president, Clifford H. Mitchell of Raleigh; secretary, Mrs. Edna Taylor of New Salem; treasurer, Harry Mahin of Arlington; executive committee—Eugene Butler of Carthage, Ernest Marlatt of Manilla, Miss Emma Terhune of Milroy.

The resolutions committee was composed of Dona McKay, Clifford H. Mitchell and Ernest F. Marlatt. The resolutions expressed the sincere sympathy of the teachers in the association for their fellow worker, Miss Mary Elizabeth Stewart, the retiring secretary, whose father, Roll Stewart died suddenly at his home in Milroy this morning. The resolutions also extended to "Superintendent Park of Sullivan county and Professor Black of Indiana university this token of our appreciation for the excellent addresses which they have delivered today for this institute."

It was furthermore resolved that "as an institute we thank C. E. Parke and the Rushville high school orchestra for the entertaining musical program with which the institute began." The music of the orchestra, which was organized only a few weeks ago, was highly complimented by the teachers.

The resolutions, in addition, thanked the Rev. W. M. Whitsitt of St. Paul's M. E. church for conducting the devotional exercises at the opening of the program and further resolved "that we assure the officers of the association, especially Mr. Conger, of our appreciation of their efficient services as officers of the institute."

Superintendent Park spoke this morning on Browning's "Pippa Passes" and this afternoon on "The True Initiative." Close attention of the teachers was given both lectures.

Prof. Black of the Indiana university English department spoke of the individual promotion plan which has been tried in a few cases and has been found practical. He said the experiment with the scheme at the Central building in Kokomo had been successful. The idea, as outlined by the speaker, is for a pupil to be promoted whenever ready for it in any given subject, regardless of whether the pupil is entitled to advancement in all subjects being studied.

Mrs. Margaret Morton, teacher in the Milroy schools, acted as secretary today on the absence of Miss Stewart.

### \$50,000 FIRE TODAY.

Indianapolis, Ind., Nov. 25.—Fire which caused the loss estimated at \$200,000 to the Capitol Paper company's building here today was not extinguished until noon. Falling walls prevented the firemen from fighting the blaze shortly after it was discovered.

## REFUSED TO COOK MEALS

Lillian Nickel's Alleged Actions Basis of Suit for a Divorce

Clarence D. Nickel has filed suit for divorce from Mrs. Lillian E. Nickel, alleging cruel and inhuman treatment. According to the complaint, they were married August 14, 1915 and separated November 23, 1916. They reside near Arlington. He alleges that she frequently cursed him and at one time struck him with a piece of stove wood. He claims that she refused to cook his meals and that frequently he was compelled to get his own meals, despite the fact that he was working on the farm. They have one child but he does not ask for its custody.

## MAN AND WIFE EACH ASK \$5,000 DAMAGES

Automobile Accident in Oct. 1915, is Made Basis for Suit Filed by Mr. and Mrs. A. P. Linville

### RETURNING FROM SHOW HERE

An automobile accident while enroute to their home in Gwynneville from attending the horse show in Rushville in October, 1915, was made the basis of two damage suits filed in the Shelby circuit court today by Adrian P. Linville and his wife, Missouri Linville. The suits are against Robert Ball, also of the Gwynneville neighborhood.

Mrs. Linville asks \$5,000 damages for personal injuries while Mr. Linville asks for a similar sum because of loss of his wife's services. It is alleged that as they were riding along in their automobile a machine driven by a daughter of Ball's approached from the rear at great speed and that the smaller machine was struck and thrown into the ditch.

It is also alleged that Mrs. Linville suffered permanent injuries, her spine being injured and her body badly bruised. Negligence on the part of the driver of the other machine is alleged. The plaintiffs are represented by Meiks and Haek of Shelbyville and John A. Tittsworth of this city.

## REPUBLICANS FILE EXPENSE ACCOUNT

Statement by Treasurer Shows \$245,992.66 Was Spent in State Campaign This Year

### WHERE RECEIPTS CAME FROM

### (By United Press.)

Indianapolis, Ind., Nov. 25.—Indiana republicans spent \$245,992.66 from March 14 to November 15, the report filed by Frank D. Stalnaker treasurer of the republican state committee, with the secretary of state, shows today.

The total collections during that period amounted to \$258,181.77, including \$225,000 which the committee borrowed and still owes.

The state committee received \$144,202.42 from the national committee and \$1,000 from the national congressional committee. The remainder was collected in the state.

Mrs. Wade Sherman has gone to Muncie to be present at a birthday anniversary celebration for Mrs. Mary Ford, formerly of this city, at the home of Mrs. Ford's daughter, Mrs. Ernest Black. On the way back she will stop off at Anderson for a short visit.

M. E. White of Mays was a visitor here today.

## VILLA IS LIKELY TO UPSET PLANS

Victory by Him at Chihuahua City Over Carranza Would Change Aspect of Border Agreement

### IT CALLS FOR WITHDRAWAL

Although Distasteful to Carranza Because of One Feature, it is Believed he Will Sign It

### (By United Press.)

Washington, Nov. 25.—Only Carranza and Villa stood today as possible obstacles to carrying out of the Atlantic City conference agreement for the withdrawal of American forces from Mexico within the next forty days.

The American government is ready to ratify the agreement as it is shaped in terms that President Wilson himself approved.

Although the agreement is distasteful to Carranza because of the provision that United States may follow bandits into Mexico at any time, it is believed that the first chief will sign it.

A victory by Villa now at Chihuahua City would upset all plans for withdrawal, however, and would create an intolerable condition in northern Mexico.

The protocol was signed by the members of the joint American-Mexican commission yesterday afternoon at Atlantic City and Alberto J. Pani of the Mexican commission left immediately with one of the official copies for Carranza's signature. The other copy was delivered here today by Secretary of the Interior Lane, a member of the commission who arrived here last night.

Following is a paraphrase of the agreement to which the last signature was affixed at 3:49 o'clock yesterday afternoon.

1. The American troops now in Chihuahua, commanded by Gen. John J. Pershing, shall be withdrawn within forty days from the approval of the protocol by the respective governments, provided that within that time the conditions in that part of Mexico have not become such as to endanger the American border. In such event the time shall be extended.

2. The Mexican army shall patrol

## CHIHUAHUA CITY'S FALL IS PREDICTED

Villa Begins Third Day's Attack at Daybreak by Storming all Four Sides of the Place

### TRIES TO GAIN AN ENTRANCE

### (By United Press.)

El Paso, Texas, Nov. 25.—With furious rushes upon the defenders' first line trenches, Villa began his third day's storm of Chihuahua City at daybreak today. Simultaneous cavalry charges were launched upon the eastern, western and northern lines of the city and a separate column attempted to storm the gun emplacements upon Santa Rosa hill, dominating the city from the south.

A heavy force of Mexican government infantry had been placed upon the hill to repel the stormers. While hand-to-hand fighting was in progress over the positions of the guns, Villa's cavalry attempted to gain entrance into the town.

Today's fighting will decide the fate of Chihuahua City, Mexican officials at Juarez predicted. In United States official circles here the fall of Chihuahua City was predicted before night.

## Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

### A Happy Medium Needed.

Some people talk much and do little. Others talk little and do much. A few are betwixt and between and never succeed in setting themselves or the world afire.

There is, however, a happy medium which will afford us the necessary outlet for our thoughts and yet serve the good of the community at large.

Don't be a clam, and don't be a big noise. Talk when you feel like it but talk sense and talk to people who have sense. When we do that we will gradually bring to the surface the good points in each other; we will open up opportunities for the development of the community, and will be able to hit upon the means of pushing our town along.

The man who talks little but says much when he does talk is often silent when a little talk from him would accomplish wonders. On the other hand the big noise is known as a noise and commands about as much attention and remembrance as a passing gust of wind.

Talk up, but speak gently and to the point. You will be both heard and heeded.

### Not Politics, Protection.

At a meeting of representatives of State Agricultural Colleges, held in Washington last week, one of the speakers urged the importance of putting as much labor as possible into our products before selling them for export. Instead of selling the raw materials for manufacture elsewhere, he would have the manufacturing done in this country, so that American wage-earners would be paid for the labor, and, in turn, would become purchasers of farm products. The address was made after election, at a non-political meeting, and the speaker never mentioned politics or tariff, but it was a mighty good protective tariff speech, for we cannot have factories here unless we prevent ruinous competition from countries where cheap labor and low standards of living prevail.

It is reported that some 6,000 voters in Indiana voted for the first presidential elector and thought they had voted the straight ticket. And still there are some folks who say women haven't sense enough to vote.

It looks like the state democratic organization lived true to its ideals and was for tariff for revenue only in respect to the brewers.

**Mrs. Collier Says Could Not Keep House Without Black-Draught.**

Hardin, Mo.—Mrs. J. W. Collier, of this town, who knows from experience of the merit of Black-Draught Liver Medicine, has following to say for publication: "I want to let everybody know that I have used Thedford's Black-Draught for many years, and it is just what is claimed for it. I am never without Black-Draught, and really I couldn't keep house without it. Whenever I feel bad, I take a small dose, and feel better right away. I advise everybody who suffers from liver or stomach trouble to use Black-Draught Liver Medicine."

For three-quarters of a century (75 years), Thedford's Black-Draught has been regulating irregularities of the liver, stomach and bowels, and has long been recognized as the standard remedy. It is a fixture in thousands of homes as the main stay of the family medicine chest.

If you have not tried it, get a package from your nearest dealer, today. He sells it in 25c and \$1.00 packages, making it cost you only one cent a dose.

# Must John Barleycorn Get Off the Map?

With Michigan, Nebraska, South Dakota, Montana, added to the ranks of the "dry" States by Constitutional amendment, Prohibition Governors elected in Florida and Utah, and a popular vote for the abolition of the liquor traffic in the Territory of Alaska, things look dubious for John Barleycorn in the immediate years to come. Nor does this astonishing increase of "dry" territory tell the whole story. In Arkansas, Washington, Colorado, and Oregon, already under statewide prohibition, propositions were submitted to the voters for various modifications of the law in favor of the liquor interests, and on all questions these amendments were defeated.

In THE LITERARY DIGEST for November 25th, there is a very complete analysis of the Prohibition outlook, for and against, as revealed by the votes not only in the election just passed, but in previous years. The article is accompanied by a map which visualizes the present geographical condition of the Prohibition cause.

## The Old-Fashioned Way to Stop a Cold

Mother knew how to break up a cold—here's mother's old remedy in a newer and better form, TURPO. It takes the place of old-fashioned turpentine and iodine. No animal fats—a clean mineral base instead. Turpentine to break the congestion, camphor to heal, menthol to cool and soothe. Rub Turpon, and rub it IN. It drives the cold out of throat and chest; and a little in the nostrils opens up the air passages. Use Turpo also for catarrh; for aches and pains; for cuts, burns, bruises, sprains; and after shaving. Buy Turpo of your Druggist. 25c, 50c, \$1.00.

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

**MAKE ONLY 3 FIELD GOALS**

Without Services of Lengthy Center and Captain, Local Quintet Shows Poor Form

Minus the services of Martin, the lengthy center and captain, the Rushville high school team went down in defeat before the Richmond five last night, 47 to 11. The ultimate result would have been the same had Martin played but the score probably would not have been so large.

The teams were on fairly even terms during most of the first half and when Richmond began to pull away the Rushville team cracked, then went to pieces and as the game neared a close Richmond was putting the ball in the basket with a regularity that was almost pitiful from a Rushville standpoint.

Rushville was the first to score, making three points from free throws before Richmond got started. The first half was about half over before the visitors located the basket and from that time on were never headed. Rushville made but one field goal the first half, this coming near the close of the period when Reed dropped one through the net. The team made but three field

goals the entire game, showing but little improvement over the last game. The forwards couldn't hit the basket and failed to follow the ball.

The poor showing of the Rushville team did not detract from the brilliant work of the Richmond forwards. O'Neal and Jessup put up a wonderful game and backed by the playing of Parker, the center, on the offensive, the Rushville five never had a chance.

It was not a Rushville night. Everything went wrong. Even the scorers could not keep the score straight and when the game ended had Richmond one point less than was actually scored. The first half ended 15 to 6. The officiating of Prof. Wiley of Greensburg was not up to the standard set by Ros. Smith and there were many complaints from this source.

In the final period all of the Rushville subs had been sent in when it was known that Reed was practically out of the game because of personal fouls. When he was finally put out the game had to be stopped long enough to permit a Rushville man to slip into a uniform. During the last half Richmond fairly toyed with the locals and the game turned out to be little more than a practice affair. The team has shown a reversal of form since the start of the season that is hard to understand, but the students and supporters are hoping for better things. The lineup and summary:

Richmond (47)	Rushville (11)
O'Neal	Keating, Brown
Jessup	Forward

**FANS TURN TO  
BIG NINE GAME**

Championship Contest Between  
Northwestern and Ohio Attracts Attention.

**EXPERTS FAVOR PURPLE**

Northwestern Said to Have Slight  
Edge—Minnesota Probably  
Stronger Than Either.

(By United Press.)

Chicago, Nov. 25.—Ohio state and Northwestern meet today at Columbus to fight out the Big Nine Western Conference championship. Both teams enter the fight undefeated, either inside the conference or by outside elevens.

Football experts in Chicago generally gave Northwestern the edge, but it was only a slight one and it was likely that what betting was done on the event was at even money.

Ohio State has shown greater scoring power than Northwestern, but football men believe Coach Murphy at Evanston has been holding his team in reserve and that at no time have they shown all the football they know. Northwestern has apparently put just enough into each game to win.

Ohio state depends on their great backfield star, Harley, to do the most of her heavy work. He is one of the most sensational backfield finds of the year. Sorenson, captain, and full back, is also a consistent ground gainer. The line is strong and the team has no great weakness.

Northwestern has in its captain and half back Driscoll, a star in every angle of the game. The rest of the backfield perhaps outclasses any of the Ohio quartet except Harley. The line will slightly outweigh Ohio

state's and Chicago experts expect them to outplay by a narrow margin the Ohio Forwards.

By a queer angle, practically all the Big Nine footballers regard Minnesota as the strongest team in the Big Nine. Their impressive defeat of Wisconsin Saturday marked them as a remarkable scoring machine. Illinois who inflicted their one defeat, apparently caught the Gophers during a short slump and beat them before they wakened up. On form during the final week, Chicago probably deserves second place. All this is without detracting from the credit due to Ohio State and Northwestern. Neither Northwestern nor Ohio State met the Gophers this year, while Ohio State, the conference "baby" did not meet Chicago. Both the leaders had comparatively light schedules and neither were seriously regarded as contenders when the season opened.

Comparative scores in football prove nothing, but they do show remarkable dope. Ohio State beat Illinois 14 to 13. Illinois defeated Minnesota 14 to 9. Then Chicago beat Illinois last Saturday 20 to 7. You can prove anything you wish by this dope.

Outside of the championship game at Columbus, the most interesting event tomorrow will be the meeting of Minnesota and Chicago, on Stagg field. Coach Williams has driven his charges to the top of their form and if they play the game at Chicago as they played last Saturday in their own backyard, they will win. Stagg at Chicago has apparently whipped his team of in and outers in some kind of form, as witness Saturday's victory over Illinois.

There is smaller interest on the Wisconsin-Illinois game at Madison. Both teams have been well licked, altho regarded earlier as some of the best in the Conference.

Nebraska, outside the conference plays at Iowa City, Indiana plays Purdue at Lafayette.

This winds up the season.

The members of the Loyal Daughters class of the Christian Sunday school will be entertained on Monday evening at the home of Mrs. Ethel Horrel at 632 North Main street when she will be assisted in entertaining by Mrs. Claude Smith, Mrs. Rita Fegley and Miss Cornelia Schreiber.

On next Tuesday the members of the Sorosis Club will celebrate the anniversary of the club by giving a pitch-in supper at the home of Dr. and Mrs. J. T. Paxton of this city. It has been an annual affair with the club members and the husbands of the members will be entertained.

The Monday Study Club will continue in an interesting way its study of the state at the next meeting to be held at the home of Mrs. Laura Francis in Milroy Monday afternoon. Responses to the roll call will be given with quotations from George Ade; Mrs. Ray will read a paper on "The Topography of Indiana;" Mrs.

Ross will deal with "Indian Traditions of the Wabash Country;" Mrs. Parsons has for a subject "Natural Resources;" and Mrs. Tompkins will discuss "Picturesque Indiana."

The merry crowd enjoying a pitch-in supper at the home of Miss Josephine Scholl in North Jackson street last evening was composed of the Misses Mary Louise Wyatt, Elizabeth Pearson, Janet Dean, Margurite Kelly, Grace Couch and Florence Fleehart.

Mrs. Clarence Carr of Glenwood was hostess to the members of the Friday Afternoon Embroidery Club at her home in Glenwood yesterday afternoon. The afternoon was given over to a social good time and at the conclusion of the afternoon dainty refreshments were served. The next meeting of the club will be with Mrs. Harry Culberson in two weeks.

Mrs. Frank Wilson entertained several tables at bridge yesterday afternoon at her beautiful home in North Main street. The guests, numbering about 30, spent a delightful afternoon about the card tables. An elaborate course luncheon was served late in the afternoon. For this dining table was prettily embellished with a center bouquet of flowers. The hostess was assisted in serving by Mrs. Chauncey Duncan and Miss Mary Amos. Mrs. Armstrong of Fortville was among the guests.

The supper to be given Tuesday evening at the Christian church by the members of the Always Present class for their boy friends was discussed at the meeting of the class held with Miss Gertrude Wilkinson at her home in North Harrison street Thursday evening. The girls enjoyed a pleasant and informal time. Miss Ruth Champion, dressed as a fortune teller, read the futures of the guests, who also enjoyed several musical numbers. Dainty refreshments were served by the hostess.

For the homes that with purest affection are blest,  
For the season of plenty and well deserved rest,  
For our country extending from sea to sea,  
The land that is known as the "Land of the Free"—  
Thanksgiving! Thanksgiving!

## Thanksgiving One That Does Not Call for Something New

The Thanksgiving dinner is one that does not call for "something new;" in fact it would not be Thanksgiving with a number of new and fancy dishes. The day vies with Christmas in catering to the home-comers and making everything speak of the old home. For this reason and, too, there is nothing quite so good as the regulation Thanksgiving dinner, wise housewives vary little from the dinner that the day has suggested.

The following recipes, which are almost imperative, or at least some of them, are good ones.

#### To Cook a Goose.

If the goose is killed at home hang it up by the feet to drain off the blood. Pick dry all the feathers that you can pick off while warm.

After you have picked all the feathers off, plunge the fowl into a pail of scalding water; wrap in a towel or some suitable cloth while steaming hot, and let lie for half hour. Then with a dry cloth you can rub all the fine down off.

Remove the entrails, wash thoroughly, add a handful of salt to the last water; wash well inside. Hang up and freeze, if possible.

A goose or a duck should be dressed the same, and always the day previous to roasting.

Make any kind of dressing you like. If oysters, use crackers; if bread, use a sprinkle of sage.

A young goose would not require baking as long as an old one, of course.

A good fat goose will turn out a quart of oil. This should be poured off, all but enough to make the gravy.

Make the gravy by browning two good tablespoons of flour in roaster after fowl has been removed, then add a quart of milk (water will do). Some use butter, but a goose is very Baste goose often. Turn the fowl over once in the roaster. Rub with table salt and pepper before putting in the oven.

It was a delightful evening for members of the younger set when they were entertained at the home of Miss Mary Louise Bliss in North Perkins street last evening at dinner.

The bountiful two course meal was served in buffet style after which the guests sat in groups about the smaller tables. Following the basketball game, for they went in a group, they returned to the home of Miss Bliss for an informal program of dances. The guests of Miss Bliss included the Misses Kathryn Guffin, Kathryn Wooden, Dorothy Sparks, Lois Reeves, Dorothy Mulno, Margaret Ball, Esther Anderson, Mary Louise Wyatt and Helen Frazee, and Harry Schmalzel, Tom Saunders, Hubert Alexander, Norman Reed, Alfred

#### Cranberry Sauce.

Into a saucepan put three pints of washed cranberries on top of them pour three cups of granulated sugar, one and one-half cups cold water. Bring to a boil, stirring until the sugar is dissolved, then cover and let cook without stirring, until done. Then stir them quickly through a wire sieve or strainer, to remove the skins, though they may be left in, if preferred. The sauce will jell when cold, and the skins will be quite tender.

#### Escalloped Oysters.

Roll crackers in a thin layer on bottom of the pan, then thin layer oysters, pepper and salt, pieces of butter; alternate layers of oysters and crackers until pan is almost full; pour rich milk over it. Amount required to 1 quart oysters, 1/2 pound butter, 10c crackers, 1 pint of milk.

#### Oyster Cocktail.

Put oysters in a glass; 1 tablespoon of tomato catsup; a little lemon juice; two drops of tobacco sauce; a little shaved ice; salt to taste.

#### Roast Turkey.

An ordinary turkey, weighing 8 to 10 pounds requires at least 3 hours for cooking. Prepare fowl, rub dry; then mix with pepper and salt and rub both inside and out before putting in dressing. Dressing—Take stale bread, add salt, pepper and sage to taste and a piece of butter, size of an egg, moisten with warm water, let stand ten minutes; beat an egg and stir in last thing; stuff breast with half and the remaining in the body. Place turkey in dripping pan with 1 1/2 pints of water; baste every fifteen minutes; turn turkey two or three times during cooking; Take giblets, cut fine, put in gravy.

#### Plum Pudding.

One pound raisins, 1 pound currants, 1/2 pound beef suet, 1/2 pound butter, 1 pound flour, 1 pound sugar, 1 glass brandy, 1 pint milk, 6 eggs, 2 nut megs, 1 tablespoon cinnamon, 1 tablespoon cloves, 1 teaspoon salt, 1 teaspoon soda, three teaspoons baking powder. Boil 4 or 5 hours.

When the members of the Happy-Go-Lucky Club and their husbands were entertained last evening at the home of Mrs. Will Alexander west of the city, they enjoyed one of their most pleasant gatherings in years. The hostess was assisted in entertaining by Miss Emma Blackledge. The home, ideal for entertaining, was a merry scene, for the elaborate three course dinner was arranged on the dining table where the guests were served in buffet style and later seated at the small tables placed throughout the spacious rooms. During the evening, one of the jolly good times which has

### ENGLISH WOMEN EXCEL IN MORE VIRILE WORK ONCE DONE BY MEN

But Those Trying to Replace the Sterner Sex in the Finer and Seemingly More Feminine Arts of Cooking, Tailoring and Hair-dressing Are But Sorry Substitutes.—Not Many Women Drive Taxis, But They Run Elevators, Street Cars, Work in Railway Yards and Munition Factories.

BY MARGARET MASON.

Oh! London's topsy turvy town  
They dim the lights when night comes down,

The theatres but two nights play  
And give a daily matinee,  
And most the women that you meet  
Have all turned workmen in the street.

The rich walk while the poor ride out.

Ah! truly things are turned about.  
London, Nov. 10.—(By Mail)—If you are afraid to go home in the dark these days you'd better not venture out after tea time in London these days or rather nights. You feel as if you had been transported back into the medieval or more fittingly the dark ages when you step blinking like an owl into the murky dimly lighted thoroughfares.

I for one am glad that most of the theatres give daily matinees and but two night performances a week. It is far from a cozy thing after the play to be all alone in London in the dark and on the outside of a taxi looking in with absolutely no hope of being on the inside looking out.

The price of petrol is so high and the chauffeurs are so scarce that taxis at nightfall become as fleeting and elusive as bats awing. They whizz by you deaf to your shouts and blind to your tears.

Taxi drivers are now known as "haughty" so fastidious and particular have they become about their fares. If they size you up and like your looks even then you musn't be too optimistic. They may not like your destination and refuse to take you after all. Indeed so near perfection do you have to be in appearance and address that it is really simpler and safer to begin your walking right away.

There are not many women driving taxis yet but they are running elevators acting as conductors on busses, cleaning streets, working in railway yards, running delivery wagons and working in munition factories. It is a curious thing that in all the manual strenuous and more virile work heretofore done by the men the women now excel but those trying to replace the men in the finer seemingly more feminine arts of cooking, tailoring and hairdressing

are but sorry substitutes for the sterner sex.

As a leveler of sexes and classes the war is doing wonders that vie with its horrors for a balancing result. Women are coming into their own as independent wage earners and the "Colonel's lady and Judy O'Grady" are rubbing elbows in the hospitals and munition factories. The rich and titled are working side by side with the poor and lowly. The pampered pets have given up their motors so the poor wounded Tommies may ride and after the theatre they too are forced often to hotfoot it home to the ancestral manse since the haughties are no respecters of either birth or breeding.

Yes times are dark and streets are dark in London but there are bright spots. For though its Zepps that make London dark London makes light of Zepps. Some times they make them alight and sometimes they make a light of them. When word arrives that Zepps are on the way there is some zest and thrill in staying up all night and up on a roof to glimpse a huge flaming mass, pointed out by the silver fingers of the searchlights, that falls from the sky like a Gargantuan sky-rocket set off by an interpid young British airman.

But bringing airships blazing out of the clouds and women filling bombs instead of nursing bottles and pedestrians blundering around like moles in the Stygian streets are but commonplace.

When it comes to turning all the clocks up an hour for summer and now back an hour for the winter season then it does seem going a bit too far. It's so really unsettling for ones social engagements don't you know and for the life of her Lady Diana can't remember whether her date with Lord Percy is at five o'clock winter time or summer time. Verily tempting Fate is as nothing to juggling time.

The two men whom it took to personally adjust Big Ben's hands across his startled face undoubtedly felt the truth of this original aphorism the like of which I always have on tap on time.

### THE MODERN WAY

The modern housewife does not convert her home into a factory, at least to the extent of making it more of an industrial institution than it is a home. Instead of baking their own bread, thousands of housewives are getting it from the bakery. Likewise, canned goods are not put up in the home, but purchased from the grocer. Clothing is not made in the home, as in the days of your grandmother; it is purchased outside, and delivered to you, ready to wear. Then why not do the logical thing in another case, and send your household linens and washable apparel to a modern power laundry? Washing and ironing are factory processes, that for at least one day in each week render the average home almost uninhabitable. Perhaps you have found this out, and are having all or part of your laundering done in the home of a washerwoman. If you will let us do your laundering, you can rest assured that it is being done under sanitary conditions and in a sanitary manner.

Give us a trial order, and then you will be a regular customer—happy and care free on Monday, as far as laundering is concerned.

#### The Day's Work

"It isn't the thing you've done, dear, It's the thing you've left undone That gives you a bit of heartache At the setting of the sun."

—Margaret Sangster.

How much happier is the girl with a definite task each day! The very feeling of responsibility for the accomplishment of a certain thing aids to make life worth while.

Idle people of wealth are known to be the most discontented mortals on earth. Not all people of great means are idle, however. Perhaps the majority of them keep their day filled with enterprises which they consider it a duty to dispose of. Not a few are devoted to certain charities or help numerous good welfare movements and altogether make themselves most useful.

Every one of you know the deep satisfaction which one experiences when a task is completed—particularly a difficult task. And you also find that no matter how irksome a portion your work may seem, it is never so bad when you get right down to it and conquer it.

Putting things off is a habit which we should shun, one and all. At

times it is so much easier to say, "Oh, I'll do that tomorrow." But when the next day comes it is even harder to face than before, and we wish a hundred times over that we had undertaken it at the proper time.

Margaret Sangster was very, very clever to conceive that bit of verse which I have quoted above my talk. How well she knew human nature.

Frankly, I confess that this little gem has helped me many times. Do you know, I cannot remember putting a task off deliberately since I learned that verse. Every afternoon by the time I have locked my dressing-room for the day I have written down all the things I have to accomplish the day after. I find this list next morning on my little memorandum pad. Then I systematically go about doing the things I have planned, and crossing them off my pad as they are accomplished. Oh, it is a wonderful thing to know that you are actually accomplishing something in the work-a-day world.

It is my wish that every one of you may find pleasure in attacking a particular task each day and tasting the sweet content that comes with its completion.

## A Good Place To Buy Your Xmas Presents

On SATURDAY, NOVEMBER 25 Miss Mair will open an ORIENTAL BAZAAR, consisting of goods from China and Japan. Many unique, artistic and beautiful articles. **A Discovery about your TEETH**

Tonight, if you will closely examine your teeth after brushing them, you will make a surprising discovery. Though you have been cleaning your teeth regularly, you will find an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. Your dentifice has not been REALLY CLEANING!

Loss of teeth is usually due to one of two conditions—Pyorrhea or Decay—both of which ordinarily develop only in the mouth where germ-laden tartar is present.

CLEAN your teeth—REALLY CLEAN them! Senreco, a dental specialist's formula will do it. Senreco embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

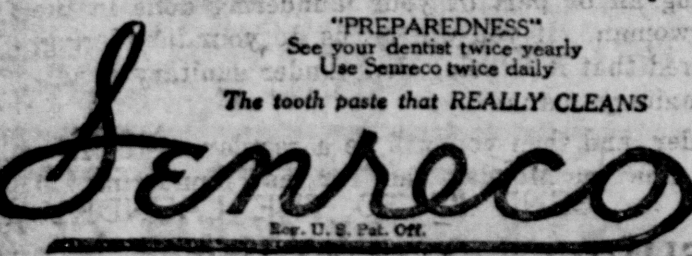

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect your self against Pyorrhea and decay. Send 4c to Senreco 304 Walnut St., Cincinnati, Ohio, for trial package.

## TODAY'S HOOSIER ODDITY.

Logansport, Ind., Nov. 25—Henry Weaver, a Cass county farmer, was trimming a tree when he fell into a pig pen, according to a story going the rounds. He fell on a pig and killed it. The noise scared a colt which jumped the fence and ran into a clothes line, one end of which was fastened to a post. The post was hurled through the air and struck a cow killing it. The colt ran into a barbed wire fence and cut its legs. When the veterinarian arrived to fix up the colt, he ran over Weaver's dog which had to be shot.

### ADDITIONAL SOCIETY

characterized this club, one of the oldest in the city, was enjoyed by the members and their guests. The next club meeting will be with Mrs. Charles Mauzy. Mr. and Mrs. Will Amos were guests aside from the club members last evening.

### TO GIVE PLAY

## ONE DIVORCE IS GRANTED TODAY

Clifford Horr Given Decree But Case of Ruth Against John Widau is Taken Under Advisement

### SPECIAL JUDGES TO BE NAMED

Judge Sparks Will Appoint Them to Sit in Cases in Which he Was Formerly Counsel

Judge Sparks this morning announced that he would appoint special judges to try four cases in which he was formerly counsel. The judges are to be selected from three men as follows: Thomas E. Davidson of Greengburg, Judge Raymond Springer of Connersville and Judge Fred Gause of Newcastle.

Each side will strike out one name each and the remaining man will act as judge. The cases in which Judge Sparks has declined to serve are those of Charles B. Cox, et al., against Ella Melhain, et al., quiet title; E. Washington Ventch, et al., against Jessie Alexander, et al., to set aside allowance of a claim; Axel Herkless against Charles L. Henry, et al., to quiet title and the case of Herkless Brothers against the Julius Keller Construction company and the city of Rushville, for damages.

This last named suit was sent back here for retrial by the supreme court. Herkless was given a judgment when the case was originally tried. The city did not make any fight at the first trial. All of these cases are set for trial this term of court.

The court granted Clifford Horr a divorce from Ruth Horr on his cross-complaint. The plaintiff dismissed her complaint and the court found for him on the cross-complaint. Although Horr was granted the divorce he was ordered to pay the costs and pay her attorney fees in the sum of \$10. Mrs. Horr was also given an allowance of \$1 a week.

Following the divorce suit a charge of wife desertion against Horr was dismissed on motion of the prosecuting attorney.

The case of Ollie F. Thompson in which she sought to have her father, Eddie G. Thompson removed as her guardian, was dismissed by the plaintiff and the costs paid.

The divorce suit of Mrs. Ruth Widau against John Widau was heard and taken under advisement. The evidence failed to reveal anything of a sensational nature and it is understood that the property affairs were adjusted outside of court.

Judgment in three suits against Ben A. Cox were rendered by the court. The suits were all on accounts. The Belleville Shoe company was given a judgment for \$75.46; The Hoge Montgomery company was awarded a judgment of \$162 and the Morsheim Shoe company was given a judgment for \$211.71.

On motion of Mrs. Mary Doyle, her divorced husband, William Doyle, was cited to appear in court Monday morning at nine o'clock and show cause why he should not be punished for contempt of court. Mrs. Doyle alleges that he owes her the sum of \$82 support money. Doyle is said to be in Newcastle.

The Thanksgiving program for the St. Paul's M. E. Sunday school tomorrow morning at 9:15 will have the following numbers: Solo by Miss Norma Smith; piece by Emerson Price; readings by Joan Wenkley and Lillian Priest.

### K. of P. MEETING

Annual Roll Call meeting Monday night. Your presence is requested.

## ROLL CALL MEETING FIXED

Ivy Lodge No. 27, K. of P. Will Try to Get Out Banner Attendance

The Knights of Pythias have sent out cards announcing the annual roll call meeting for next Monday night at Castle Hall. Every member of Ivy lodge No. 27 is urgently requested to be present with the end in view of making the banner meeting of the lodge. Also, it is the hope of the lodge boosters to make this the banner year of the order locally in membership growth. Most Knights of Pythias are wearing a little red button with "500" in white letters on it. That signifies the goal to which the lodge aspires this year.

## TREASURER MORRIS FILES REPORT TODAY

Accounts for Expenditures of \$1,236 by Democratic County Committee During Campaign

### FEW BILLS TO BE PAID YET

The campaign expense statements of John B. Morris, treasurer of the democratic central committee and P. J. Sattler, sub-treasurer for Ripley township, have been placed on file in the clerk's office. The statement of Mr. Morris shows receipts totalling \$1,669.97, including a balance on hands March 11 of \$35. The expenses amounted to \$1,236, leaving a balance on hand of \$433.97. The treasurer states that there are several outstanding claims and as soon as possible he will file a supplemental statement.

Sattler, the treasurer for Ripley township, collected the sum of \$31 and spent this amount.

One of the items of expense in the treasurer's report is \$10 given to the Indiana Times, the so-called state organ of the democratic party, for subscriptions.

## JURY OBTAINED AND CASE IS POSTPONED

Motion of Mrs. Hood for Change of Judge is Overruled and Then She Asks for Jurors

### TRIAL SET FOR MONDAY NIGHT

A jury was impanelled last night to try Mrs. Myrtle Hood on a charge of operating a house of ill-fame and then an adjournment was taken until Monday night. The attorney for Mrs. Hood filed a motion for a change of judge and this was overruled by Mayor Bebout.

It was then decided to have a jury of twelve men and the jury was obtained about ten o'clock. It was considered too late to start hearing the evidence and the case was continued until Monday. The state held out for a jury of six men but after considerable argument, it was decided to have twelve men try the case.

## JUDGE SENDS JURY BACK

Fails to Agree on \$25,000 Damage Suit Against Chief Perrott.

Indianapolis, Ind., Nov. 25.—The jury trying the damage suit of \$25,000 against Chief of Police Perrott and other police officials brought by Thomas Campbell, colored, reported at noon today that they were unable to reach an agreement. Judge Anderson in federal court told them that "evidence was very plain" and sent them back to deliberate.

## TO MEET EXPENSE OF THE ELECTION

County Council Called for That Purpose But Meeting is Delayed by Late Arrivals

### IT WAS TO START ABOUT 3:30

First Appropriation of \$5,000 Barely Enough to Meet Primary and Registration Expense

The meeting of the county council, scheduled for ten o'clock this morning, was delayed and the meeting was not expected to start before three-thirty o'clock this afternoon. Only three members showed up for the meeting and when the telephone was brought into use Hiram Henly of Carthage promised to come down on the afternoon train and Rollie Zorne was enroute here from Falmouth.

The purpose of the meeting was to appropriate money with which to meet the expense of the recent election. The total amount of the deficiency is not known as all of the bills have not been totalled but will be before the meeting is called to order.

One item of election expense is giving some trouble. The township trustee ordered the meals for all of the precincts in Rushville township and in No. 4 precinct the inspector of the precinct ordered his own meals, as is provided by law. The township trustee has been paid for the meals and in turn has paid for them.

Now comes the inspector asking for money for the meals he ordered. The inspector maintains that the trustee had no right to order the meals and just how the controversy will be determined is not known, but an effort will be paid to get the trustee to refund the money for this precinct and then see if the woman who furnished the meals will not knock off the costs as the meals were not eaten.

The appropriation for elections was \$5,000. Out of this sum, the expense of the primary, registration and election must come. There was a small balance after the primary and registration bills were paid and the balance must be made up by the county council.

## MILROY MAN DIES SUDDENLY TODAY

Roll Stewart, Age 55, Succumbs to Heart Disease Before Physician Reaches Him

### HAD BEEN ILL SEVERAL DAYS

Roll Stewart, 55 years old, died suddenly this morning at 5:10 o'clock at his home in Milroy. Mr. Stewart had been ill for several days, but was not thought to be in a serious condition. This morning he was awake at four o'clock and was given some medicine. One hour later he was found unconscious and died before a physician could reach him. Coroner Green was called and it is believed that death was due to heart disease.

Mr. Stewart was widely known and had lived in Milroy most of his life. He was a brother of the late Mrs. J. W. Tompkins. He is survived by his widow and three children, the Misses Mary and Elizabeth Stewart, who live at home and Thomas Stewart of Shelbyville.

The funeral services will be conducted Monday afternoon at 1:30 o'clock at the late residence and burial will take place in the Milroy cemetery.

## BELLE GREGG HEADS TEACHERS

Principal of Jackson School is Elected President of Rush County Association

### OTHER OFFICERS PICKED

Addresses by Supt. Park of Sullivan County and Prof. Black of I. U. are Heard

Teachers of Rush county met in annual session at the Graham high school building today, heard addresses by two leading Indiana educators, elected officers for the ensuing year and adopted a set of resolutions. The regular meeting of the county teachers association was attended by more than a hundred teachers.

At the business session this afternoon Miss Belle Gregg, principal of Jackson school in this city was elected president of the association, succeeding C. M. Conger.

Other officers elected were: vice-president, Clifford H. Mitchell of Raleigh; secretary, Mrs. Edna Taylor of New Salem; treasurer, Harry Mahin of Arlington; executive committee—Eugene Butler of Carthage, Ernest Marlatt of Manilla, Miss Emma Terhune of Milroy.

The resolutions committee was composed of Dona McKay, Clifford H. Mitchell and Ernest F. Marlatt. The resolutions expressed the sincere sympathy of the teachers in the association for their fellow worker, Miss Mary Elizabeth Stewart, the retiring secretary, whose father, Roll Stewart died suddenly at his home in Milroy this morning. The resolutions also extended to Superintendent Park of Sullivan county and Professor Black of Indiana university this token of our appreciation for the excellent addresses which they have delivered today for this institute.

It was furthermore resolved that "as an institute we thank C. E. Parke and the Rushville high school orchestra for the entertaining musical program with which the institute began." The music of the orchestra, which was organized only a few weeks ago, was highly complimented by the teachers.

The resolutions, in addition, thanked the Rev. W. M. Whitsitt of St. Paul's M. E. church for conducting the devotional exercises at the opening of the program and further resolved "that we assure the officers of the association, especially Mr. Conger, of our appreciation of their efficient services as officers of the institute."

Superintendent Park spoke this morning on Browning's "Pippa Passes" and this afternoon on "The True Initiative." Close attention of the teachers was given both lectures.

Prof. Black of the Indiana university English department spoke of the individual promotion plan which has been tried in a few cases and has been found practical. He said the experiment with the scheme at the Central building in Kokomo had been successful. The idea, as outlined by the speaker, is for a pupil to be promoted whenever ready for it in any given subject, regardless of whether the pupil is entitled to advancement in all subjects being studied.

Mrs. Margaret Morton, teacher in the Milroy schools, acted as secretary today on the absence of Miss Stewart.

### \$50,000 FIRE TODAY

Indianapolis, Ind., Nov. 25.—Fire which caused the loss estimated at \$50,000 to the Capital Paper company's building here today was not extinguished until noon. Falling walls prevented the firemen from fighting the blaze shortly after it was discovered.

## REFUSED TO COOK MEALS

Lillian Nickel's Alleged Actions Basis of Suit for a Divorce

Clarence D. Nickel has filed suit for divorce from Mrs. Lillian E. Nickel, alleging cruel and inhuman treatment. According to the complaint, they were married August 14, 1915 and separated November 23, 1916. They reside near Arlington. He alleges that she frequently cursed him and at one time struck him with a piece of stove wood. He claims that she refused to cook his meals and that frequently he was compelled to get his own meals, despite the fact that he was working on the farm. They have one child but he does not ask for its custody.

## MAN AND WIFE EACH ASK \$5,000 DAMAGES

Automobile Accident in Oct. 1915, is Made Basis for Suit Filed by Mr. and Mrs. A. P. Linville

### RETURNING FROM SHOW HERE

An automobile accident while enroute to their home in Gwynneville from attending the horse show in Rushville in October, 1915, was made the basis of two damage suits filed in the Shelby circuit court today by Adrian P. Linville and his wife, Missouri Linville. The suits are against Robert Ball, also of the Gwynneville neighborhood.

Mrs. Linville asks \$5,000 damages for personal injuries while Mr. Linville asks for a similar sum because of loss of his wife's services. It is alleged that as they were riding along in their automobile a machine driven by a daughter of Ball's approached from the rear at great speed and that the smaller machine was struck and thrown into the ditch.

It is also alleged that Mrs. Linville suffered permanent injuries, her spine being injured and her body badly bruised. Negligence on the part of the driver of the other machine is alleged. The plaintiffs are represented by Meiks and Hack of Shelbyville and John A. Titsworth of this city.

## REPUBLICANS FILE EXPENSE ACCOUNT

Statement by Treasurer Shows \$245,992.66 Was Spent in State Campaign This Year

### WHERE RECEIPTS CAME FROM

Indianapolis, Ind., Nov. 25.—Indiana republicans spent \$245,992.66 from March 14 to November 15, the report filed by Frank D. Stalnaker treasurer of the republican state committee, with the secretary of state, shows today.

The total collections during that period amounted to \$258,181.77, including \$225,000 which the committee borrowed and still owes.

The state committee received \$144,202.42 from the national committee and \$1,000 from the national congressional committee. The remainder was collected in the state.

Mrs. Wade Sherman has gone to Muncie to be present at a birthday anniversary celebration for Mrs. Mary Ford, formerly of this city, at the home of Mrs. Ford's daughter, Mrs. Ernest Black. On the way back she will stop off at Anderson for a short visit.

—M. E. White of Mays was a visitor here today.

## VILLA IS LIKELY TO UPSET PLANS

Victory by Him at Chihuahua City Over Carranza Would Change Aspect of Border Agreement

### IT CALLS FOR WITHDRAWAL

Although Distasteful to Carranza Because of One Feature, it is Believed he Will Sign It

(By United Press.) Washington, Nov. 25.—Only Carranza and Villa stood today as possible obstacles to carrying out of the Atlantic City conference agreement for the withdrawal of American forces from Mexico within the next forty days.

The American government is ready to ratify the agreement as it is shaped in terms that President Wilson himself approved.

Although the agreement is distasteful to Carranza because of the provision that United States may follow bandits into Mexico at any time, it is believed that the first chief will sign it.

A victory by Villa now at Chihuahua City would upset all plans for withdrawal, however, and would create an intolerable condition in northern Mexico.

The protocol was signed by the members of the joint American-Mexican commission yesterday afternoon at Atlantic City and Alberto J. Pani of the Mexican commission left immediately with one of the official copies for Carranza's signature. The other copy was delivered here today by Secretary of the Interior Lane, a member of the commission who arrived here last night.

Following is a paraphrase of the agreement to which the last signature was affixed at 3:49 o'clock yesterday afternoon.

1. The American troops now in Chihuahua, commanded by Gen. John J. Pershing, shall be withdrawn within forty days from the approval of the protocol by the respective governments, provided that within that time the conditions in that part of Mexico have not become such as to endanger the American border. In such event the time shall be extended.

2. The Mexican army shall patrol

## CHIHUAHUA CITY'S FALL IS PREDICTED

Villa Begins Third Day's Attack at Daybreak by Storming all Four Sides of the Place

### TRIES TO GAIN AN ENTRANCE

(By United Press.) El Paso, Texas, Nov. 25.—With furious rushes upon the defender's first line trenches, Villa began his third day's storm of Chihuahua City at daybreak today. Simultaneous cavalry charges were launched upon the eastern, western and northern lines of the city and a separate column attempted to storm the gun emplacements upon Santa Rosa hill, dominating the city from the south.

A heavy force of Mexican government infantry had been placed upon the hill to repel the stormers. While hand-to-hand fighting was in progress over the positions of the guns, Villa's cavalry attempted to gain entrance into the town.

Today's fighting will decide the fate of Chihuahua City, Mexican officials at Juarez predicted. In United States official circles here the fall of Chihuahua City was predicted before night.

The Princess offers the Charles Chaplin comedy "The Pawnshop" for the first picture of tonight's program. It is said to be a scream from start to finish. The other picture is a feature drama entitled "The Little Mademoiselle." Vivian Martin is featured. "Paying the Price," a story of naval life in Washington as well as on several United States torpedo boats, including the "Wadsworth" is the film feature at the Princess Monday. Gaile Kane who made such an enviable record as the star of such Broadway successes as, "Seven Keys to Baldpate" and the "Miracle Man" is featured. This picture was made in co-operation with the United States government, a special order being given from the navy department allowing the members of the film company the right to use the torpedo boat Wadsworth. Others in the cast include Gladden James, June Elvidge and Robert Cummings.

## Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

## A Happy Medium Needed.

Some people talk much and do little. Others talk little and do much. A few are betwixt and between and never succeed in setting themselves on the world afire.

There is, however, a happy medium which will afford us the necessary outlet for our thoughts and yet serve the good of the community at large.

Don't be a clam, and don't be a big noise. Talk when you feel like it but talk sense and talk to people who have sense. When we do that we will gradually bring to the surface the good points in each other; we will open up opportunities for the development of the community, and will be able to hit upon the means of pushing our town along.

The man who talks little but says much when he does talk is often silent when a little talk from him would accomplish wonders. On the other hand the big noise is known as a noise and commands about as much attention and remembrance as a passing gust of wind.

Talk up, but speak gently and to the point. You will be both heard and heeded.

## Not Politics, Protection.

At a meeting of representatives of State Agricultural Colleges, held in Washington last week, one of the speakers urged the importance of putting as much labor as possible into our products before selling them for export. Instead of selling the raw materials for manufacture elsewhere, he would have the manufacturing done in this country, so that American wage-earners would be paid for the labor, and, in turn, would become purchasers of farm products. The address was made after election, at a non-political meeting, and the speaker never mentioned politics or tariff, but it was a mighty good protective tariff speech, for we cannot have factories here unless we prevent ruinous competition from countries where cheap labor and low standards of living prevail.

It is reported that some 6,000 voters in Indiana voted for the first presidential elector and thought they had voted the straight ticket. And still there are some folks who say women haven't sense enough to vote.

It looks like the state democratic organization lived true to its ideals and was for tariff for revenue only in respect to the brewers.

Miss Ruth Law, premier aviator says now that she will cross the

Mrs. Collier Says Could Not Keep  
House Without Black-Draught.

Hardin, Mo.—Mrs. J. W. Collier, of this town, who knows from experience of the merit of Black-Draught Liver Medicine, has following to say for publication: "I want to let everybody know that I have used Thedford's Black-Draught for many years, and it is just what is claimed for it. I am never without Black-Draught, and really I couldn't keep house without it. Whenever I feel bad, I take a small dose, and feel better right away."

I advise everybody who suffers from liver or stomach trouble to use Black-Draught Liver Medicine. For three-quarters of a century (75 years), Thedford's Black-Draught has been regulating irregularities of the liver, stomach and bowels, and has long been recognized as the standard remedy. It is a fixture in thousands of homes as the main stay of the family medicine chest.

If you have not tried it, get a package from your nearest dealer, today. He sells it in 25c and \$1.00 packages, making it cost you only one cent a dose.

# Must John Barleycorn Get Off the Map?

With Michigan, Nebraska, South Dakota, Montana, added to the ranks of the "dry" States by Constitutional amendment, Prohibition Governors elected in Florida and Utah, and a popular vote for the abolition of the liquor traffic in the Territory of Alaska, things look dubious for John Barleycorn in the immediate years to come. Nor does this astonishing increase of "dry" territory tell the whole story. In Arkansas, Washington, Colorado, and Oregon, already under statewide prohibition, propositions were submitted to the voters for various modifications of the law in favor of the liquor interests, and on all questions these amendments were defeated.

In THE LITERARY DIGEST for November 25th, there is a very complete analysis of the Prohibition outlook, for and against, as revealed by the votes not only in the election just passed, but in previous years. The article is accompanied by a map which visualizes the present geographical condition of the Prohibition cause.

## The Old-Fashioned Way to Stop a Cold

Mother knew how to break up a cold—here's mother's old remedy in a newer and better form, TURPO. It takes the place of old-fashioned turpentine and iodo. No animal fats—a clean mineral base instead. Turpentine to break the congestion, camphor to heal, menthol to cool and soothe. Rub Turpo on, and rub it in. It drives the cold out of throat and chest, and a little in the nostrils opens up the air passages. Use Turpo also for catarrh; for aches and pains; for cuts, burns, bruises, sprains; and after shaving. Buy Turpo of your Druggist. 25c, 50c, \$1.00.

**OLD-TIME COLD CURE—  
DRINK HOT TEA!**

Get a small package of Hamburg Bread Tea, or as the Germans call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

**RUB RHEUMATISM FROM

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

**RUSHVILLE FIVE  
GOES TO PIECES**

High School Basketball Team's Sails Trimmed by Richmond in Easy Fashion, 47 to 11.

MAKE ONLY 3 FIELD GOALS

Without Services of Lengthy Center and Captain, Local Quintet Shows Poor Form

Minus the services of Martin, the lengthy center and captain, the Rushville high school team went down in defeat before the Richmond five last night, 47 to 11. The ultimate result would have been the same had Martin played but the score probably would not have been so large.

The teams were on fairly even terms during most of the first half and when Richmond began to pull away the Rushville team cracked, then went to pieces and as the game neared a close Richmond was putting the ball in the basket with a regularity that was almost pitiful from a Rushville standpoint.

Rushville was the first to score, making three points from free throws before Richmond got started. The first half was about half over before the visitors located the basket and from that time on were never headed. Rushville made but one field goal the first half, this coming near the close of the period when Reed dropped one through the net. The team made but three field

goals the entire game, showing but little improvement over the last game. The forwards couldn't hit the basket and failed to follow the ball.

The poor showing of the Rushville team did not detract from the brilliant work of the Richmond forwards. O'Neal and Jessup put up a wonderful game and backed by the playing of Parker, the center, on the offensive, the Rushville five never had a chance.

It was not a Rushville night. Everything went wrong. Even the scorers could not keep the score straight and when the game ended had Richmond one point less than was actually scored. The first half ended 15 to 6. The officiating of Prof. Wiley of Greensburg was not up to the standard set by Ross Smith and there were many complaints from this source.

In the final period all of the Rushville subs had been sent in when it was known that Reed was practically out of the game because of personal fouls. When he was finally put out the game had to be stopped long enough to permit a Rushville man to slip into a uniform. During the last half Richmond fairly toyed with the locals and the game turned out to be little more than a practice affair. The team has shown a reversal of form since the start of the season that is hard to understand, but the students and supporters are hoping for better things. The lineup and summary:

Richmond (47)	Rushville (11)
O'Neal	Keating, Brown
Jessup	Forward
Parker	Oakley, Perkins

**FANS TURN TO  
BIG NINE GAME**

Championship Contest Between Northwestern and Ohio Attracts Attention.

EXPERTS FAVOR PURPLE

Northwestern Said to Have Slight Edge—Minnesota Probably Stronger Than Either.

(By United Press.)

Chicago, Nov. 25.—Ohio state and Northwestern meet today at Columbus to fight out the Big Nine Western Conference championship. Both teams enter the fight undefeated, either inside the conference or by outside elevens.

Football experts in Chicago generally gave Northwestern the edge, but it was only a slight one and it was likely that what betting was done on the event was at even money.

Ohio State has shown greater scoring power than Northwestern, but football men believe Coach Murphy at Evanston has been holding his team in reserve and that at no time have they shown all the football they know. Northwestern has apparently put just enough into each game to win.

Ohio state depends on their great backfield star, Harley, to do the most of her heavy work. He is one of the most sensational backfield finds of the year. Sorenson, captain, and full back, is also a consistent ground gainer. The line is strong and the team has no great weakness.

Northwestern has in its captain and half back Driscoll, a star in every angle of the game. The rest of the backfield perhaps outclasses any of the Ohio quartet except Harley. The line will slightly outweigh Ohio

state's and Chicago experts expect them to outplay by a narrow margin the Ohio forwards.

By a queer angle, practically all the Big Nine footballers regard Minnesota as the strongest team in the Big Nine. Their impressive defeat of Wisconsin Saturday marked them as a remarkable scoring machine. Illinois who inflicted their one defeat, apparently caught the Gophers during a short slump and beat them before they wakened up. On form during the final week, Chicago probably deserves second place. All this is without detracting from the credit due to Ohio State and Northwestern. Neither Northwestern nor Ohio State met the Gophers this year, while Ohio State, the conference "baby" did not meet Chicago. Both the leaders had comparatively light schedules and neither were seriously regarded as contenders when the season opened.

Comparative scores in football prove nothing, but they do show remarkable dope. Ohio State beat Illinois 14 to 13. Illinois defeated Minnesota 14 to 9. Then Chicago beat Illinois last Saturday 20 to 7. You can prove anything you wish by this dope.

Outside of the championship game at Columbus, the most interesting event tomorrow will be the meeting of Minnesota and Chicago, on Stagg field. Coach Williams has driven his charges to the top of their form and if they play the game at Chicago as they played last Saturday in their own backyard, they will win. Stagg at Chicago has apparently whipped his team of in and outers in some kind of form, as witness Saturday's victory over Illinois.

There is smaller interest on the Wisconsin-Illinois game at Madison. Both teams have been well licked, altho regarded earlier as some of the best in the Conference.

Nebraska, outside the conference plays at Iowa City. Indiana plays Purdue at Lafayette.

This winds up the season.

## SOCIETY

### Social Calendar

#### Monday

Ladies Musicals, in assembly room of court house at 2:30 in the afternoon.

"500" Club, with Mrs. O. M. Dale at 424 North Main street, in the afternoon.

Embroidery Club, pitch-in supper, with Mrs. John A. Titsworth at 902 North Main street.

Monday Study Club of Milroy, with Mrs. Laura Francis in the afternoon.

Loyal Daughters, with Mrs. Ethel Horrel at 632 North Main street, in the evening.

Lucien Anderson has been pledged to the Beta Theta Pi fraternity at Purdue university.

The members of the Loyal Daughters class of the Christian Sunday school will be entertained on Monday evening at the home of Mrs. Ethel Horrel at 632 North Main street when she will be assisted in entertaining by Mrs. Claude Smith, Mrs. Rita Fegley and Miss Cornelia Schreiber.

On next Tuesday the members of the Sorosis Club will celebrate the anniversary of the club by giving a pitch-in supper at the home of Dr. and Mrs. J. T. Paxton of this city. It has been an annual affair with the club members and the husbands of the members will be entertained.

The Monday Study Club will continue in an interesting way its study of the state at the next meeting to be held at the home of Mrs. Laura Francis in Milroy Monday afternoon. Responses to the roll call will be given with quotations from George Ade; Mrs. Ray will read a paper on "The Topography of Indiana," Mrs.

Ross will deal with "Indian Traditions of the Wabash Country," Mrs. Parsons has for a subject "Natural Resources," and Mrs. Tompkins will discuss "Picturesque Indiana."

The merry crowd enjoying a pitch-in supper at the home of Miss Josephine Scholl in North Jackson street last evening was composed of the Misses Mary Louise Wyatt, Elizabeth Pearson, Janet Dean, Margerite Kelly, Grace Couch and Florence Fleehart.

Mrs. Clarence Carr of Glenwood was hostess to the members of the Friday Afternoon Embroidery Club at her home in Glenwood yesterday afternoon. The afternoon was given over to a social good time and at the conclusion of the afternoon dainty refreshments were served. The next meeting of the club will be with Mrs. Harry Culbertson in two weeks.

Mrs. Frank Wilson entertained several tables at bridge yesterday afternoon at her beautiful home in North Main street. The guests, numbering about 30, spent a delightful afternoon about the card tables. An elaborate course luncheon was served late in the afternoon. For this the dining table was prettily embellished with a center bouquet of flowers. The hostess was assisted in serving by Mrs. Chauncey Duncan and Miss Mary Amos. Mrs. Armstrong of Fortville was among the guests.

The supper to be given Tuesday evening at the Christian church by the members of the Always Present class for their boy friends was discussed at the meeting of the class held with Miss Gertrude Wilkinson at her home in North Harrison street Thursday evening. The girls enjoyed a pleasant and informal time. Miss Ruth Champion, dressed as a fortune teller, read the futures of the guests, who also enjoyed several musical numbers. Dainty refreshments were served by the hostess.

### GIVING THANKS

For the hay and the corn and the wheat that is reaped,  
For the labor well done and the barns that are heaped,  
For the sun and the dew and the sweet honeycomb,  
For the rose and the song, and the harvest brought home—  
Thanksgiving! Thanksgiving!

For the trade and the skill and the wealth in our land,  
For the cunning and strength of the workingman's hand,  
For the good that our artists and poets have taught,  
For the friendship that hope and affection have brought—  
Thanksgiving! Thanksgiving!

For the homes that with purest affection are blest,  
For the season of plenty and well deserved rest,  
For our country extending from sea to sea,  
The land that is known as the "Land of the Free"—  
Thanksgiving! Thanksgiving!

## Thanksgiving One That Does Not Call for Something New

The Thanksgiving dinner is one that does not call for "something new," in fact it would not be Thanksgiving with a number of new and fancy dishes. The day vies with Christmas in catering to the home-comers and making everything speak of the old home. For this reason and, too, there is nothing quite so good as the regulation Thanksgiving dinner, wise housewives vary little from the dinner that the day has suggested.

The following recipes, which are almost imperative, or at least some of them, are good ones.

### To Cook a Goose.

If the goose is killed at home hang it up by the feet to drain out the blood. Pick dry all the feathers that you can pick off while warm.

After you have picked all the feathers off, plunge the fowl into a pail of scalding water; wrap in a towel or some suitable cloth while steaming hot, and let lie for half hour. Then with a dry cloth you can rub all the fine down off.

Remove the entrails, wash thoroughly, add a handful of salt to the last water; wash well inside. Hang up and freeze, if possible.

A goose or a duck should be dressed the same, and always the day previous to roasting.

Make any kind of dressing you like. If oysters, use crackers; if bread, use a sprinkle of sage.

A young goose would not require baking as long as an old one, of course.

A good fat goose will turn out a quart of oil. This should be poured off, all but enough to make the gravy.

Make the gravy by browning two good tablespoons of flour in roaster after fowl has been removed, then add a quart of milk (water will do). Some use butter, but a goose is very Baste goose often. Turn the

fowl over once in the roaster. Rub with table salt and pepper before putting in the oven.

It was a delightful evening for members of the younger set when they were entertained at the home of Miss Mary Louise Bliss in North Perkins street last evening at dinner. The bountiful two course meal was served in buffet style after which the guests sat in groups about the smaller tables. Following the basketball game, for they went in a group, they returned to the home of Miss Bliss for an informal program of dances. The guests of Miss Bliss included the Misses Kathryn Giffin, Kathryn Wooden, Dorothy Sparks, Lois Reeves, Dorothy Mulno, Margaret Ball, Esther Anderson, Mary Louise Wyatt and Helen Frazee, and Harry Schmalzel, Tom Saunders, Hubert Alexander, Norman Reed, Alfred

### Cranberry Sauce.

Into a saucepan put three pints of washed cranberries on top of them pour three cups of granulated sugar, one and one-half cups cold water. Bring to a boil, stirring until the sugar is dissolved, then cover and let cook without stirring, until done. Then stir them quickly through a wire sieve or strainer, to remove the skins, though they may be left in, if preferred. The sauce will jell when cold, and the skins will be quite tender.

### Escalloped Oysters.

Roll crackers in a thin layer on bottom of the pan, then thin layer oysters, pepper and salt, pieces of butter; alternate layers of oysters and crackers until pan is almost full; pour rich milk over it. Amount required to 1 quart oysters, 1 pound butter, 10c crackers, 1 pint of milk.

### Oyster Cocktail.

Put oysters in a glass; 1 tablespoon of tomato catsup; a little lemon juice; two drops of tobacco sauce; a little shaved ice; salt to taste.

### Roast Turkey.

An ordinary turkey, weighing 8 to 10 pounds requires at least 3 hours for cooking. Prepare fowl, rub dry; then mix with pepper and salt and rub both inside and out before putting in dressing. Dressing—Take stale bread, add salt, pepper and sage to taste and a piece of butter, size of an egg, moisten with warm water, let stand ten minutes; beat an egg and stir in last thing; stuff breast with half and the remaining in the body. Place turkey in dripping pan with 1 1/2 pints of water; baste every fifteen minutes; turn turkey two or three times during cooking; Take giblets, cut fine, put in gravy.

### Plum Pudding.

One pound raisins, 1 pound currants, 1 pound beef suet, 1 pound butter, 1 pound flour, 1 pound sugar, 1 glass brandy, 1 pint milk, 6 eggs, 2 nut megs, 1 tablespoon cinnamon, 1 tablespoon cloves, 1 teaspoon salt, 1 teaspoon soda, three teaspoons baking powder. Boil 4 or 5 hours.

Norris, Wilbur Cox, William Sexton, Duane Reed, Paul Parrish and Dwight VanOsdol.

When the members of the Happy-Go-Lucky Club and their husbands were entertained last evening at the home of Mrs. Will Alexander west of the city, they enjoyed one of their most pleasant gatherings in years. The hostess was assisted in entertaining by Miss Emma Blackledge. The home, ideal for entertaining, was a merry scene, for the elaborate three course dinner was arranged on the dining table where the guests were served in buffet style and later seated at the small tables placed throughout the spacious rooms. During the evening, one of the jolly good times which has

### ENGLISH WOMEN EXCEL IN MORE VIRILE WORK ONCE DONE BY MEN

But Those Trying to Replace the Sterner Sex in the Finer and Seemingly More Feminine Arts of Cooking, Tailoring and Hair-dressing Are But Sorry Substitutes.—Not Many Women Drive Taxis, But They Run Elevators, Street Cars, Work in Railway Yards and Munition Factories.

BY MARGARET MASON.

Oh! London's topsy turvy town  
They dim the lights when night comes down,

The theatres but two nights play  
And give a daily matinee,  
And most the women that you meet  
Have all turned workmen in the street.

The rich walk while the poor ride out.

Ah! truly things are turned about.  
London, Nov. 10.—(By Mail)—If you are afraid to go home in the dark these days you'd better not venture out after tea time in London these days or rather nights. You feel as if you had been transported back into the medieval or more fittingly the dark ages when you step blinking like an owl into the murky dimly lighted thoroughfares.

I for one am glad that most of the theatres give daily matinees and but two night performances a week. It is far from a cozy thing after the play to be all alone in London in the dark and on the outside of a taxi looking in with absolutely no hope of being on the inside looking out.

The price of petrol is so high and the chauffeurs are so scarce that taxis at nightfall become as fleeting and elusive as bats. They whizz by you deaf to your shouts and blind to your tears.

Taxi drivers are now known as "haughties" so fastidious and particular have they become about their fares. If they size you up and like your looks even then you mustn't be too optimistic. They may not like your destination and refuse to take you after all. Indeed so near perfection do you have to be in appearance and address that it is really simpler and safer to begin your walking right away.

There are not many women driving taxis yet but they are running elevators acting as conductors on buses, cleaning streets, working in railway yards, running delivery wagons and working in munition factories. It is a curious thing that in all the manual strenuous and more virile work heretofore done by the men the women now excel but those trying to replace the men in the finer seemingly more feminine arts of cooking, tailoring and hairdressing

are but sorry substitutes for the sterner sex.

As a leveler of sexes and classes the war is doing wonders that vie with its horrors for a balancing result. Women are coming into their own as independent wage earners and the "Colonel's lady" and Judy O'Grady are rubbing elbows in the hospitals and munition factories. The rich and titled are working side by side with the poor and lowly. The pampered pets have given up their motors so the poor wounded Tommies may ride and after the theatre they too are forced often to hoof it home to the ancestral manse since the haughties are no respecters of either birth or breeding.

Yes times are dark and streets are dark in London but there are bright spots. For though its Zeppos that make London dark London makes light of Zeppos. Some times they make them alight and sometimes they make a light of them. When word arrives that Zeppos are on the way there is some zest and thrill in staying up all night and up on a roof to glimpse a huge flaming mass, pointed out by the silver fingers of the searchlights, that falls from the sky like a Gargantuan skyrocket set off by an interpid young British airman.

But bringing airships blazing out of the clouds and women filling bombs instead of nursing bottles and pedestrians blundering around like moles in the Stygian streets are but commonplace.

When it comes to turning all the clocks up an hour for summer and now back an hour for the winter season then it does seem going a bit too far. It's so really unsettling for ones social engagements don't you know and for the life of her Lady Diana can't remember whether her date with Lord Percy is at five o'clock winter time or summer time. Verily tempting Fate is as nothing to juggling time.

The two men whom it took to personally adjust Big Ben's hands across his startled face undoubtedly felt the truth of this original aphorism the like of which I always have on tap on time.

### THE MODERN WAY

The modern housewife does not convert her home into a factory, at least to the extent of making it more of an industrial institution than it is a home. Instead of baking their own bread, thousands of housewives are getting it from the bakery. Likewise, canned goods are not put up in the home, but purchased from the grocer. Clothing is not made in the home, as in the days of your grandmother; it is purchased outside, and delivered to you, ready to wear. Then why not do the logical thing in another case, and send your household linens and washable apparel to a modern power laundry? Washing and ironing are factory processes, that for at least one day in each week render the average home almost uninhabitable. Perhaps you have found this out, and are having all or part of your laundering done in the home of a washerwoman. If you will let us do your laundering, you can rest-assured that it is being done under sanitary conditions and in a sanitary manner.

Give us a trial order, and then you will be a regular customer—happy and care free on Monday, as far as laundering is concerned.

### The Day's Work

"It isn't the thing you've done, dear, it's the thing you've left undone That gives you a bit of heartache At the setting of the sun."

—Margaret Sangster.

How much happier is the girl with a definite task each day! The very feeling of responsibility for the accomplishment of a certain thing aids to make life worth while.

Idle people of wealth are known to be the most discontented mortals on earth. Not all people of great means are idle, however. Perhaps the majority of them keep their day filled with enterprises which they consider it a duty to dispose of. Not a few are devoted to certain charities or help numerous good welfare movements and altogether make themselves most useful.

Every one of you know the deep satisfaction which one experiences when a task is completed—particularly a difficult task. And you also find that no matter how irksome a portion your work may seem, it is never so bad when you get right down to it and conquer it.

Putting things off is a habit which we should shun, one and all. At

times it is so much easier to say, "Oh, I'll do that tomorrow." But when the next day comes it is even harder to face than before, and we wish a hundred times over that we had undertaken it at the proper time.

Margaret Sangster was very, very clever to conceive that bit of verse which I have quoted above my talk. How well she knew human nature.

Frankly, I confess that this little gem has helped me many times. Do you know, I cannot remember putting a task off deliberately since I learned that verse. Every afternoon by the time I have locked my dressing-room for the day I have written down all the things I have to accomplish the day after. I find this next morning on my little memorandum pad. Then I systematically go about doing the things I have planned, and crossing them off my pad as they are accomplished. Oh, it is a wonderful thing to know that you are actually accomplishing something in the work-a-day world.

It is my wish that every one of you may find pleasure in attacking a particular task each day and tasting the sweet content that comes with its completion.

## A Discovery about your TEETH

Tonight, if you will closely examine your teeth after brushing them, you will make a surprising discovery. Though you have been cleaning your teeth regularly, you will find an accumulation of tartar on the enamel and bits of food deposit hiding between the cavities. Your dentifrice has not been REALLY CLEANING!

Loss of teeth is usually due to one of two conditions—Pyorrhea or Decay—both of which ordinarily develop only in the mouth where germ-laden tartar is present.

CLEAN your teeth—REALLY CLEAN them! Senreco, a dental specialist's formula will do it. Senreco embodies specially prepared, soluble granules, unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea. Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect your self against Pyorrhea and decay.
